03/22/2017 [17](#) Expired BZ - Board of Zoning
[021975](#) Appeals Cases - Major
 Variance - Commercial

Applicant John Neubauer - The applicant is proposing to convert the former site of the Northern Pacific Railway Company's Como Shops - Blacksmith Shop located just north of Bandana Square into an event center/reception hall. There are two buildings on the property totaling 22,171 square feet of gross floor area. The existing parking lot located on the property has 40 parking spaces and the applicant intends to increase the parking lot capacity to 59 spaces; the new use will require 106 parking spaces. The applicant is proposing to provide, under a lease agreement, the remaining additional 47 parking spaces at the parking lot facility for the Best Western Plus Hotel located west of the hotel building. The zoning code requires that off-site parking must be located within 300 feet of the building it is intended to serve; the hotel parking facility is 502 feet away, for a variance request of 202 feet.

1217 Bandana Blvd N - Historic Rr Blacksmith Shop

10/17/2014	14 338854	Approved	HP - Heritage Preservation Cases - Administrative Review	Applicant John E Dustman - The applicant proposes to tuck point capstone and complete chimney repair with Type N mortar mix that will be flush with color to match and will not be replacing any brick or stone. They also propose to restore lighting to the sides and front of building which will replace the existing lighting as well as replace grass with a sustainable cover and construct a rain garden in the backyard in the existing garden. A 'living' fence is proposed that will be constructed of I-beams and stainless steel wire and will not touch the existing building. Finally, the applicant proposes to restore the existing sign's interchangeable translucent plastic and light it from top and front without installing lights on the sign itself.
