

SUBJECT

BOARD RESOLUTION NO. 20-726

Pertaining to a Seventh Rider to Agreement with the City of Centerville allowing the installation of an irrigation system at the Centerville Lake Pumping Station site in the city of Centerville.

BACKGROUND INFORMATION

A June 9, 1966 Agreement between the City of Centerville and the Board provided permission for the City to enter upon Board property to carry out necessary operations in respect of certain City improvements and operations.

The City now desires to install and maintain a lawn irrigation system on the property known as the Centerville Lake Pumping Station. The water for the irrigation system will be supplied from a regional stormwater pond in the nearby Anoka County Regional Park and pumped through the City's stormwater re-use system.

This proposed Rider grants permission for the above described work and stipulates that all terms and conditions of the 1964 Agreement remain in effect.

See attached Location Map and proposed Seventh Rider to Agreement.

RECOMMENDATION

Board approval is recommended.
