Republic Services
4325 East 66th St
Inver Grove Heights, MN 55075

Dear Republic Services,

I have received bills from you periodically because I am the owner of the property at 706 Blair Ave. Because I receive random bills I have no history on the account you are asking I be responsible for.

I have requested copies of (all) bills on three occasions and although I was told you were sending them, I have not received them. The last two calls I have placed have not been returned. Please send me copies of the bills for 706 Blair and 704 Blair.

As I indicated from my first call; 706 Blair and 704 Blair are two properties on the same lot. There is service for 704 Blair and there is service for 706 Blair. I believe you are double billing for at least one of the properties. When I indicated this was the case, I got some doubletalk about how it was not your responsibility to determine that you were already charging for a pickup at 706 as well as 704.

The fact that you will not provide me bills to establish this or make an adjustment in your billing indicates to me that you are happy to continue to charge twice and add late fees.

Please send me copies of all service for all addresses indicated since service began.

Thank You,

A handwritten signature in black ink, appearing to read 'Erik Veblen'. The signature is stylized with a large, looping initial 'E' and a long, horizontal stroke extending to the right.
