Property owner was making payments to their open market account and not to their coordinated collection account. The hauler confirmed that they have moved the payment of $150 to the coordinated collection account. Therefore we are recommending removing the assessment.

Hello Mai,

Per the hauler's request, we need to remove the Q3 & Q4 2019 Assessments for 556 Manomin Ave.

The Q3 2019 assessment has already been approved. So I am going to request that you an Amended Resolution to Delete Council decision and request that the entire assessment be removed.

The Q4 2019 assessment has not has a legislative or PH. Can you check again to see what the layover date for the PH hearing and suggest a date and time to reschedule the LH?

Thank you for your help! I am out after 12:00 pm today (had to adjust my hours a bit this week) so I will see you when I get back 😊
