Please provide me with the property address in question so I can look up the information. Let me know if you want to contest.

Subject: hearing

For some reason I have been sent letter about a public hearing for property clean up but unless you are paying me for cleaning my property then this is not valid since no other persons but me and my family have ever cleaned my property. Now if you are referring to all the times that my family try to reorganize or property and the neighbor calls the city to have someone come out that day or the next to see that there is garbage near our garage that we are waiting to finish cleaning up when we get home from work because their wasn't enough time to finish from the night before. I have a noisy neighbor that likes to watch my yard like a hawk to find something to complain about since I bought my home. And since she works for a company that works for the city she has been calling and having people come out whenever we are cleaning out our property, even if we have people in line to pick up our house scrap she has the city come out the next day with a complaint about it. She has had our everyday vehicles tires marked many times saying that they haven't been moved and they were just parked their within the hour of them being marked. But back to the property clean up there has never been any city personnel come and clean up my property so I don't feel that I should have to pay for the bill.

Thanks Brenda
