Dr. Hang,

I am happy to inform you that the Como Community Council board voted unanimously May 19 to endorse the school's application for conduit revenue bonds to underwrite construction of your proposed middle school building and related improvements. Please feel free to share word of our support with any parties where it will be helpful.

The success and growth of your program is amazing. The school has revitalized a corner of our neighborhood and is an ongoing asset to our community at large. True, the path and impacts of your growth have not always been predictable. But you and your administration have always kept lines of communication open, been active listeners and partners in discussion, and been responsive to neighbors and their concerns. We wish you nothing but success in your next phase.

Sincerely,

Michael Kuchta
Executive director
