---

Ms. Carney,

We will attach this to our legislative hearing record. The City of St. Paul doesn't have anything to do with District Court scheduling.

For the record I did not receive a phone call from you yesterday. I did receive a voicemail from you at 8:56 this morning requesting a zoom link. As you know, we are doing phone calls and you were present at this afternoon's legislative hearing via phone.

Thanks,

Joanna

> Hello this is Natosha carney . Yesterday i left messages on everyone that is included on this emails voicemail notifying you all that I hadn't receive a zoom. I have restrictions from my doctor stating I can't wear a mask and I am high risk just had surgery 10/29/20 and I am currently on a high dosage of oxycodone. My court dates have all been by zoom because I requested it that way and I sent an email with information and my doctors note. I didn't receive a zoom or a call from anyone yesterday and the attorney that's representing the plaintiffs called threatening me with incarceration if I didn't settle with him. My question to you all is how is that possible? My phone number is +16518677072 could someone reach out to me and let me know what's going on please? I added my doctor note and my account has been frozen I'm not avoiding following through I don't have access to any funding to finish the work. I had center pointe to come out to see if the could finance a brand new Furnance I'm waiting on them to update me with that information.

Re: NATOSHA M CARNEY

To Whom it May Concern:

Natosha M Carney is not finding it possible to wear a mask continuously at work due to certain medical conditions.

Also because of certain medical conditions, she is at higher risk for developing more serious disease should see contract COVID-19.

Given these issues I would recommend Natosha be granted a medical leave until it is determined the COVID epidemic has passed OR a vaccine becomes available to protect her.

If there are other thoughts as to how she can work and be allowed to wear the mask only intermittently please contact us to discuss.

Sincerely,

Gregory S Defor, MD
