Good afternoon,

I have opened the Public Hearing Notice of Assessment and much to my surprise I see I missed making the payment in September. I went back to my records and see the invoice was included in an envelope and folded together with the invoice for the Storm Sewer System Charge which I noticed was not due until November, so I set the entire envelope aside.

This is an honest mistake and I will mail a check on Monday 11/2.
I would appreciate confirmation that no additional fees are required.

Thank you,
Valerie Gordon
