Subject: 1/2 mile wine rule

Dear Council Members,

I am writing to express my support to amending the City Code to change the 1/2 mile wine shop rule to a 1/4 mile rule. This issue is on for a hearing at your 12/9/20 meeting.

I think it would benefit small business in the city to allow existing shops to also sell wine if that goes with their business model. It would be convenient for citizens to have specialty wine shops closer to their home and allow healthy competition.

Sincerely,

Dan Stahley
