**Subject:** Budget – workers rights  
**Date:** Tuesday, December 1, 2020 11:07:41 AM

---

My name is Jerry Blume And I live in ward three and a volunteer with Isaiah. Isaiah Lead with partners like CTUL To pass \$15 minimum wage in earned sick and save time in the last couple of years. Now more than ever, our city needs to make sure we are strong and implementing these policies so there's real accountability and that it makes a difference in the lives of workers. You well know That under \$15 an hour is not a living wage in the metro area. I ask that you put \$300,000 for community contracts in education/community outreach and three investigators so remain committed to workers knowing their rights. Thank you!
