Subject: Yeorg Brewing Wine Shop Proposal
Date: Wednesday, December 2, 2020 5:14:12 AM

Hello, I'm writing to the Council in support of the proposed Wine Shop for Yeorg Brewing Company.

Looking forward in anticipation to an intimate setting where both local neighbors and visiting patrons from much further out will experience a welcoming atmosphere.

Tom Keim, one of the owners will be on premise managing the shop. Along with a large, diverse inventory he's a big attraction for most patrons with his extensive global knowledge of wines and a passion to share that with others.

The local, US and global selections Tom selects with certain care cater to the expected St Paul clientele, but will also provide new tasting adventures at good prices.

The store will definitely be an asset to St Paul bringing in new visitors to the neighborhood who'll hopefully enjoy other businesses along the way.

Please support their proposal.

Very much looking forward to having a really great wine shop in St Paul. Especially at that location.

.
