Good morning council(insert gender correct language) yang,

My name is Chad Woolhouse, i live in your ward on Iowa ave east. Next to Hillcrest (crackhead) knoll.

I read from the KSTP website, the city council is now looking into forming a committee for black reparations. This made me think of other things.

Why is it only Black reparations. Didn't the Irish and Chinese immigrants also become slaves.

Slavery came in many colors, and was aboloished LONG before any of us alive today were filling our diapers with what regularly comes out of the councils meeting.

Enough of the "Black washing" of everything.

I know this will not even make it to your screen, as your (insert paid help) will probably delete this messge

Thank you,

PS. also, you voted for defunding the police. That will not be forgotten during the next election cycle
