re: Sound Level Variance Kraus Anderson Construction Company & Ramsey Company 2383 University Apartments.

Dear Deciders,

1) Please consider making another condition that they provide a **safe pedestrian pathway** on the south side of Charles Avenue from the alley westward to Raymond Av. The previous public sidewalk was destroyed by a fenced in construction trench and there is no sidewalk on the other side of Charles. To me, this is a safety issue that should have been addressed before any construction started.

2) Also a westward **one-way with speed bumps** would also make this work zone a much safer road for us locals!

Thank you for your consideration for our safety.

Michael Lukes  
2323 Charles Av Apt 202 (The Ray)
