Pat, Roger is in the hospital. I took him to Woodwinds ED yesterday and they admitted him. They are treating him with antibiotics via IV, and a surgeon from Summit Ortho will see him today.

This city situation has caused so much anguish to both of us and taken so much of your time. Can't believe it is really worth it to them, but..... I will keep you up to date on his situation. As you know, he has agreed to take the greenhouse

down, but right now I have no idea of timing....it isn't being used at this time so I'm hoping the people involved will find it in their hearts to put this matter aside at this time.

I really don't I know what else to say right now. Let me know if there is anything I should be doing at this time. Thanks.

Diane Stadler
