Mr. Hawkins,

I hope you're still the best contact in Public Works for lighting issues, if not please forward as appropriate. We had a legislative hearing on Tuesday the 19th with Ruth Flores Olivar, who lives at 1841 Conway. It came up that she has some concerns about the lighting near her property, particularly around safety issues. Below is the pertinent part of the conversation:

Flores Olivar: I have one more question. Can you give me a number? There's a lot of stuff being thrown outside and it is dark in the summer, I hear screams between 2 and 3 in the morning. I wonder if you can put lights up, between Van Dyke and Third.

Moermond: so there's a lighting problem there?

Flores Olivar: there's no light, it is too dark.

Moermond: we can report that to Public Works.

Flores Olivar: great, thank you.

Could Public Works look into this further, see if any lights could be installed, etc? Her contact information is:

However please note that you will need a Spanish interpreter.

Thank you so much,
Joanna
