

RES 20-1263    3/9/2021 10:30 PM    Michael Kurhajetz    Against

Please don't pass this resolution. Charter schools are a critical element of the Twin Cities' education ecosystem, and passing a resolution of this nature would make it harder for charter schools to provide a high-quality education to all kids in St. Paul, especially in places where a high-quality district school is unavailable.
