04/08/2013	13 171559	Closed	RF - Referral - Citizen Complaint	Owner East Mall Associates - Billy's on Grand, according to staff routinely block a door that is commonly used for entrance/exit

			during the late evening hours. In our experience, they used a combination of tables and chairs placed in front of the doors. When we mentioned this concern to server, he said they do it every night and it is not exit because there is not an exit sign present above the door. This is the room next to their patio which has a fire place going and the only other door leads back into the main restaurant area. Not only was the concern not address further, another staff member came up and moved the table and chairs to better block it.
