Subject: Voice Mail (1 minute and 53 seconds)

Hi, my name is Kevin Melling. I'm from New Ulm, Minnesota. I used to live in St. Paul, MN. I left there because of the crime. I've been watching Fletcher six months now. He has made me feel safe to come back to Saint Paul. I know that we have police going around just talking to people and letting them know that the community loves them, so are you gonna destroy this feeling? I've never came back to Saint Paul, and I got family there so. So, you're gonna take this away from people, right? I think you should really think about what you're doing because he is very educational. He speaks of history of Saint Paul. He tells you different stories of Saint Paul. Is it what you want the city to see that the police are doing a good job at communicating with your community? And you mentioned all kinds of little mistakes that Bob is made. So maybe you should just look at the principle of what's going on and not the mistakes negativity gets you. Nowhere. Thank you.
