Hi. My name is Garrett Greeman, and I am calling and leaving a message about Agenda 19. You guys wanted to stop the live stream of Bob Fletcher live on patrol. First off, you pieces of shit should go and jack yourselves off and go to hell because you guys are selfish and what's wrong with Bob? Clips are showing how police do their job. What do you have against cops? You must hate. If you guys ever need a cop, maybe you shouldn't have any cops come and help you out. How about we come and take your TV's and take everything from your house? How about that? Since you don't want cops, just give your address, let us have your address, and we will come and take your big screen TV's. Take your kids. Take your wives, everything, wives, husbands, whatever. I mean you guys are just stupid. You guys are retarded. Go get another job or actually go sit on your fat asses and eat chips all day. Great idea.
