

Dear Councilmember Tolbert,

I understand from certain postings on Facebook that the city council may look into the County Sheriff's posting of ride-along videos. I am actually writing because I follow the sheriff on Facebook but find those videos very offensive and thus I have chosen to not view them. I suppose some are entertained by them yet it seems a ridiculous waste of time and taxpayer dollars. So please do whatever is possible and needed to review this and take action on our behalf as your constituents. Thanks.
