

5/28/21- Samuel Habite

Owner of 437 Maryland Ave W

I had just become a home owner about a year ago I moved into this neighborhood thinking I was going to live a better life, I seen the ruckus and commotion the first week I moved in i heard gunshots and loud noises outside the house which was a scary first week for me and my family and kids that was the first time I've heard gun shots this close in my vicinity, I didn't even think of what the cause of this commotion was but the more this happened and the longer I lived here the more I started to realize the Maryland supermarket at 444 Maryland Ave W was the cause of all of this, the tobacco store there causes a lot of negative attention from all around the city, there are drug deals that happen their there are people fighting and arguing some days which ends up in a shootout sometimes and it has effected this community a lot my neighbor a couple houses away moved out because there was a gun shot through her window and I am scared it might effect my household too.  
So please take serious consideration and actions to this situation.

We are sending about the 444 Maryland, SW corner at Arundel street

We always scared to be around the house because there is Gun shot and fighting in front of the store which is across our house .

So please try close this store around us.
