Hello Ross-

I'm following up on the Entertainment B and Patio License. I have provided you with the signed petitions to date and full license fees and licensing applications have been submitted.

The project has been fully supported by both district CM Noecker and City Council as a whole as well. Mayor Carter and the Mayor's office have provided approvals for City resources to be allocated to the project. Overall the City has invested in the success of the entire project which involves the approval of the Entertainment B and Patio Licensing.

We obtained a CUP as well which consisted of receiving signatures from our closest neighbors. We held neighborhood meetings during the CUP process and received positive support from the majority. We do not have the required percentage of signed petitions for the Entertainment B and Patio Licensing but we have shown good effort.

During the previous months we have attempted numerous times to gain signatures by knocking door to door. We sent certified letters to the majority of property owners as well to receive their signature. The residents have also been notified of the licensing and had the opportunity to object. We addressed the single complaint concerning lighting.

Please let me know if you need anything else at this time to process the approval of the Entertainment B and Patio License.

Thank you,
Travis

Hello Ross-

Please find our MDH License attached. We received our license approval today. Do we contact anyone else at DSI in order to receive our copy of the Liquor License, etc? Or do you issue the City licenses?

Thanks
Travis
