

July 12, 2021

To whomever it may concern:

You and the city of St. Paul have been charging me for services I do not receive that is double charging for the same services and that is against the law. I am informing you that I will be gone again for the winter. So I should not get charged for the time I am gone for services that I am not getting now or then. I am a senior citizen and I cannot afford the high prices you charge when I can haul it myself for \$20-\$30 dollars every 6 months. Republic sends a bill for \$ 109 plus every 3 months and the city sends a bill every 3 months for \$90 plus whose cheating who????? Nov. we get a new Mayor hopefully thank God he or she will stop this gouging to seniors and people of this city.
