

Ms Brendmoen,

I am writing to you to state my opposition to the above project. I have spoken at planning meetings and I have written to Ms. Noecker stating my objections. I do not want to waste you by restating them here. My objections were based on the existing ambience of Grand Ave and the zoning measures for which the developers were seeking variances. I am requesting that you vote in opposition to the existing project because it does not serve the area or it's community.

Thank you,

Nancy Vanderheider
