Hello Mai,

Could you enter a resolution to amend for the Q1 2021 Garbage Assessment for **1037 Geranium Ave E**? This would be following the Council Public Hearing on 8/25/2021. The reason for the removal is that the assessment is for a single late fee that should not have been added as the initial invoice had been sent to the incorrect mailing address. This is despite the fact that the current property owner called several times to update the mailing address.

The property owner does not wish to attend any hearings so they are ok with the resolution being entered.

Thank you!
