Mr. Thao, you and your co-members have created a mess that you need to fix. I have done nothing wrong. Your actions have directly placed me, and my family, in a completely unjust process.

We have not required garbage pick up at this property for over 15 years because we were zero-wasters. That stopped when we were forced into your system! Republic Services has been grossly over charging this property for garbage pick up since the beginning of your service. Since using your system we average less than 15 gallons a week. This rate is below Republic Services lowest monthly rate. Your charges to this property are and have been grossly over charged.

Also note that we did not request this service nor did we sign any contract with Republic Services. And my vote for you did not include you to create this draconian system!

Further more, your actions to force me to pay unfair charges by attacking my home through the property tax charges and liens is a direct threat to my family's safety. You and your co-members have created a totally obscene system.

If you have any sense of decency you must do to the following:

1. Make billing corrections for the lowest rate since the beginning
2. Remove all charges against my home that are on the property tax
3. Remove all penalty fees and interest charges
4. Submit, by mail, one bill showing the correct charges for the time of garbage service
