To Whom It May Concern,

I am writing in opposition to the application to change Billy's on Grand's licensing to a 2am close. That is far too late for a residential neighborhood. My wife, daughter and I live at 63 Avon. I well remember the shooting last summer that left a man dead in the street just feet from our building. I have been concerned about some of the noise and people gathering on the street outside of Billy's. I hope the new ownership is doing what they can to maintain an orderly establishment. But this is definitely not the time to risk more chaos by staying open so late.

Kind Regards,
Peter Caritas
