premises located at 1668 Selby Avenue (Licensee's attorney will speak on behalf of the licensee and licensee may wish to address the City Council.)

Theresa Skarda, Deputy City Attorney, gave a staff report and answered councilmember questions.

Patrick O'Neill, attorney for Pauly's Bar & Grill, gave testimony, asking for a reduced suspension and offered to pay a \$1000 fine.

John Occhiato, owner of Kalsada, gave testimony.

Council President Jalali suggested a five-day suspension.

Councilmember Jost asked about the difference between the fine and suspension penalties.

Skarda stated that the suspension was for serving liquor without liquor liability insurance, and the fine would be for not submitting the required management agreement to the Department of Safety and Inspections (DSI). Because they usually don't double-up on penalties, DSI only recommended the greater penalty of a suspension.

Councilmember Noecker suggested picking the dates of the suspension.

Skarda encouraged councilmembers to pick the dates, to help get the suspension served promptly.

O'Neill suggested dates for the suspension.

Councilmember Johnson expressed concern with letting a licensee pick suspension dates.

Jalali suggested an amendment to reduce the suspension to 5 days on March 18, 19, 20, 25, and 26, and set a fine of \$1000.

Councilmember Bowie spoke in support of Jalali's amendment.

Councilmember Yang spoke in support of Jalali's amendment.

Councilmember Kim moved approval of Jalali's amendment.

LEGISLATIVE HEARING DISCUSSION ITEM

- 38** [RLH TA 24-55](#) Ratifying the Appealed Special Tax Assessment for property at 790 GERANIUM AVENUE EAST. (File No. CG2304A2, Assessment No. 230115)

Assessment ratified.

Also in attendance: Francisco Ochoa, appellant (remote attendance, translated through in-person interpreter)

Marcia Moermond, Legislative Hearing Officer: This is an assessment for garbage hauling from July 1 to September 30, 2023. When the garbage bill went unpaid, the unpaid bill was sent to the City as an assessment. The amount is \$119.89. In Legislative Hearing, Ochoa said he was appealing due to a lack of income, not because of an allegation that services were not provided.

Francisco Ochoa: That is correct.

Moermond: Ochoa said he also had medical difficulties and was waiting for his green card, further complicating things.

Ochoa: That is correct. I am unable to work due to disability and have been unable to do so for the last 3 years.

Council President Jalali: Are you finished with your staff report, Moermond? I'd like to know if you have any additional points to make so that we can let Ochoa know we will hear from him after you're finished.

Moermond: I just have two more things. First is that he stated in Legislative Hearing that he was previously getting financial assistance in paying his bills, including his property taxes (which are up to date). Secondly, if there is difficulty in paying property

taxes, Ramsey County has mechanisms to help like payment programs. He has a long period of time to catch up on property taxes.

Ochoa: I have a medical disability. I'm waiting for my green card. I've been receiving financial assistance but that is not enough. I've been trying to pay all my taxes, but when the pandemic started I got sick, a brother died, and I've had 9 surgeries since then. I have a brain tumor, my feet are numb, and I just had hip surgery. With these limitations, can't work and have no income. I'm retired. I have social security, but that has been on hold because I started my process to obtain a green card for permanent residency. All my assets are now frozen, including my social security. My lawyer has been asking for an extension with immigration, but I don't have insurance and am having trouble getting medications. I've also been having difficulty eating. I've been working here since 1986 after arriving in 1970. I'm not a new immigrant. All my money was put into social security but now it's all frozen. I've been paying a lot of taxes for a long time. I have two applications for immigration. One is in California and one in is Minnesota. I did have Social Security money, but once permits for work stopped last May, I have not had money coming in. It was supposed to go for one more year, but I have not received it.

Councilmember Johnson moved to close the public hearing. Approved 7-0.

Councilmember Yang: Thank you for being here Francisco, and thank you for the translation as well. We've talked about how cost-burdened families are a lot. Many families struggle to pay garbage bills. I think this also intersects with why I am supportive of cart-sharing and opt-out options for garbage hauling, to avoid or reduce a cost burden. Moermond, are there services that could assist the appellant, and could you also restate your recommendation?

Moermond: My recommendation is to ratify the assessment. I cannot look at financial circumstances like financial difficulties in developing my recommendation.

Noecker: Is there an opportunity for deferral of payment, especially since this person is a senior?

Moermond: There are no assessment deferrals for nuisance abatement assessments or garbage assessments like this. Regarding resources to help, I don't know of any resources to help pay property taxes.

Jalali: Comunidades Latinas Unidas en Servicio (CLUES) may be able to help as a starting point, if any programs exist. They could help point Ochoa in the right direction.

Moermond: While there may not be assistance to help with this assessment, there may be assistance in other areas. There are food shelves and other support services that I don't work with every day that could help him.

Noecker: I'm comfortable with the recommendation. I don't see a legal basis for doing otherwise. For ongoing garbage bills, what tools are there if he is still creating garbage?

Moermond: There are some tools. The bill before you today is for a larger container. We worked in hearing to get him into a smaller semi-weekly container which is cheaper, though this may not be enough to handle his garbage. We also set up walk-up service, which is ongoing.

Yang: When would the recommended \$119.89 be due with property taxes?

Moermond: It would appear on 2025 property taxes, with half due in the first half of the year and half due in the second half of the year.

Yang: I support Moermond's recommendation. My office will follow up with Ochoa and connect to community organizations to help him get unstuck. I sit on the Water Board, and I know with water bills, people can make contributions to help out other customers in need. I will talk with Public Works Director Kershaw about doing that for garbage. I move approval. I would like Ochoa to be on the lookout for my staff reaching out. I appreciate his vulnerability in sharing his story.

Ochoa: Thank you.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Council members use mobile devices to review the files during the meeting. Using a mobile device greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released minutes, agendas, and meetings are available by subscription. Visit www.stpaul.gov/council for meeting videos and updated copies of the agendas, minutes, and supporting documents.

Cable

Meetings are live on St Paul Channel 18 and replayed at various times. Check your local listings.
