Authorizing the City through its Parks and Recreation Department to enter into an agreement, which requires mutual indemnification, with Green Cities Accord to collaborate on Tree Planting project - City of Saint Paul Planting Project 2021-2023, to help expand the City's public urban forest.

WHEREAS, The Saint Paul Parks and Recreation Department is the steward of the public urban forest in Saint Paul; and

WHEREAS, There are more than 10,000 vacant planting sites throughout the urban forest in Saint Paul which indicates a compelling need for expansion of the public tree canopy; and

WHEREAS, Green Cities Accord, previously known as Green Cities Minneapolis, is a not-for-profit 501(c)3 conservancy with a mission to foster climate resilient communities through investments in tree canopy infrastructure; and

WHEREAS, Green Cities Accord will collaborate and partner with the City of Saint Paul to establish a carbon offset program as means of funding continued tree planting and ongoing care of trees through the sale of carbon and environmental credits; and

WHEREAS, Green Cities Accord has a similar partnership with the Minneapolis Park and Recreation Board that has yielded positive results for the public urban forest in Minneapolis, and the project in Saint Paul would be administered in a similar way; and

WHEREAS, the Saint Paul Parks and Recreation Department and Green Cities Accord seek to enter into a Project Implementation Agreement simultaneously to the Agreement to Collaborate on Tree Planting Project - City of Saint Paul Planting Project 2021-2023; and

WHEREAS, the City is the Tree Owner and Green Cities Accord is the Project Operator in the Agreement to Collaborate on Tree Planting Project - City of Saint Paul Planting Project 2021-2023; and

WHEREAS, On behalf of the Tree Owner (City), the Project Operator (Green Cities Accord) is collaborating with the Urban Forest Carbon Registry, doing business as City Forest Credits, a Washington non-profit corporation (the "Registry") in furtherance of the development of the City of Saint Paul Planting Project 2021-

2023 (Registry project number “58”) carbon reduction project (the “Project”); and

WHEREAS, Green Cities Accord is the Project Operator providing project monitoring and reporting as required by the carbon registry protocol, including the process for issuing, pricing, and selling carbon credits; and

WHEREAS, The City is the owner of the trees and the entity responsible and liable for the Project’s funding required to purchase, plant and maintain the trees, the tree planting and ongoing maintenance of the trees and associated Carbon Stock, including, without limitation, the establishment, growth, protection, replacement, and maintenance of such Carbon Stock; and

WHEREAS, The Tree Owner desires Project Operator to help fund this Tree Project and future projects by allowing Project Operator to develop potential carbon and environmental credits that it can attempt to sell to defray project costs and to plant and maintain additional trees; and

WHEREAS, The Project consists of 11,288 trees planted within the boundary of Saint Paul, MN planted in parks and along boulevards in 2020 to 2023; and

WHEREAS, Collaborating with Green Cities Accord will provide a much needed financial investment for defraying future planting costs, which should result in an expansion of the current public tree canopy thereby providing a public purpose and benefit; and

WHEREAS, the Agreement with Green Cities Accord requires each party to indemnify the other; now, therefore, be it

RESOLVED, That the Council of the City of Saint Paul approves the agreement with Green Cities Accord to collaborate on the Tree Planting Project, which includes mutual indemnification, and for Parks and Recreation staff to take necessary steps to implement the project.
