Supporting a Job Creation Fund application in connection with Simpli-Fi Automation Inc. for a project proposed at 370 Wabasha Street North (District 17, Ward 2).

WHEREAS, the City of Saint Paul, Minnesota (the "City"), desires to assist Simpli-Fi Automation Inc., an industrial business specialized in fabrication of semiconductors, which is proposing to move its operation to the City of Saint Paul; and,

WHEREAS, the City of Saint Paul understands that Simpli-Fi Automation Inc. through and with the support of the City, intends to submit to the Minnesota Department of Employment and Economic Development an application for an award and/or rebate from the Job Creation Fund Program; and,

WHEREAS, the City of Saint Paul held a city council meeting on April 10, 2023, to consider this matter.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SAINT PAUL, Minnesota, that, after due consideration, the Mayor and City Council of the City of Saint Paul, Minnesota, hereby adopts the following findings of fact related to the project proposed by Simpli-Fi Automation Inc. and its application for an award and/or rebate from the Job Creation Fund Program and express their approval.

The Mayor and City Council hereby finds and adopts the reasons and facts supporting the following findings of fact for the approval of the Job Creation Fund Program application:

1. Finding that the project is in the public interest because it will encourage the growth of commerce and industry, prevent the movement of current and future operations to locations outside Minnesota, result in increased employment in Minnesota, and preserve or enhance the state and local tax base.

a. The project will result in a significant private investment in Saint Paul and the State of Minnesota over the next 5 years;

b. The project will create approximately 75 high-paying and stable jobs in Saint Paul over the next 3 years;

c. The project has the potential to result in spin off investments from other industry partners in the State of Minnesota.

2. Finding that the proposed project, in the opinion of the City Council, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future.

a. Simpli-Fi is currently located in Florida and had opportunity to expand operations in Florida;

b. Investments from the State's program show a commitment to the business and their desire to move to and create jobs in Minnesota while assisting the business financially.

3. Finding that the proposed project conforms to the general plan for the development or redevelopment of the City as a whole.

a. Simpli-Fi's is considering locating in a commercial area zoned B4- central business district. The project's proposed use is compatible with all City long term plans including the 2040 Comprehensive plan which guides zoning and land use in the City of Saint Paul.

4. Finding that the proposed project will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the development of the project by private enterprise.

a. The project is a significant investment in the City of Saint Paul's downtown core and has the potential to bring 75 new employees to Saint Paul in the next 3 years;

b. The project represents an opportunity the invest in an exciting new semiconductor manufacturing business with exponential growth potential over the next several years;

c. The public investment will leverage significant private investment from the business over the next 3 years.
