Appeal of L Robert Ostlund, DDS to a Fire Inspection Correction Notice at 1043 PAYNE AVENUE.

I appeal the removal of one of the double cylinder locks from my front door. The last time the building was successfully burglarized 10-15 years ago, the thief entered and destroyed my front door. The St. Paul PD recommended I install the second deadbolt lock, steel door edge plates and an anti-jimmy bar guard to the replacement front door and side light assembly. These measures have successfully prevented two attempted forced entries since then.

This has proven to be a cost effective way to secure my building.
