Appeal of Robert J. McCarthy to a Vehicle Abatement Order at 1356 JEFFERSON AVENUE.

Reviewing the photos, site diagram and maps, I conclude that the current gravel parking surface is significantly degraded, it has areas which are soil and there is vegetation growing throughout. Also, parking is extended beyond the walk within the back yard of the property and into the grass. The alley is improved, according to Public Works information, meaning it is oiled or paved, not gravel. I have 2 recommendations: deny the appeal and require non-CIs 5 gravel resurfacing and refer the appellant to Site Plan review about the configuration of parking on the property and the proportion of the lot with hard surface.

### **AMENDED 10/7/15**
