Amending Chapter 310 of the Legislative Code to correct license fee tables and implement annual license fee increases.

THE COUNCIL OF THE CITY OF SAINT PAUL DOES ORDAIN:

## **SECTION 1**

WHEREAS, on November 19, 2022, the City Council adopted ORD 22-46, herein incorporated as Exhibit 1, which along with other changes included updated Licensing Fee Tables for class R, T and N License types; and

WHEREAS, it was later discovered that the wrong Licensing Fee Tables had been attached; and

WHEREAS, the Department of Safety and Inspections (Department) has created corrected Licensing Fee Tables, herein incorporated as Exhibits 2, 3, and 4; and

WHEREAS, the Department also wishes to update the fees charged for licenses in support of Mayor Carter's 2023 budget; and

WHEREAS, the Department has included the updated fees in the new Licensing Fee Tables; and

WHEREAS, the Department believes that the fee increases proposed more accurately reflect the cost of the individual licenses related to investigation, support services, and enforcement; and

WHEREAS, the Department continues to experience substantial growth in personnel costs such as health care and wages; and

WHEREAS, General Fund pressures create the need to decrease the gap between licensing fee revenue and program expenses; now, therefore be it

RESOLVED, that the Council of the City of Saint Paul does ordain:

**SECTION 2** 

Chapter 310.01 of the Saint Paul Legislative Code is hereby amended as follows:

# Chapter 310. Uniform License Procedures

The procedures in this chapter are meant to govern the issuance of all licenses and certain permits in the City of Saint Paul unless a different process is required by statute. The requirements laid out in this chapter are meant to supersede all requirements laid out in ordinance related to Applications for the Grant or Issuance of a License, New Application Investigation and Review, Application Denial, Notice, Levels of Approval, Objections, and Renewal Procedures.

Sec. 310.01. Definitions.

For the purposes of this chapter, any chapter of the Legislative Code pertaining to licenses as hereinafter mentioned, and subsequently enacted ordinances establishing or relating to the requirements for Class  $R_7$  for routinely issued licenses, Class T for temporary licenses and Class N for licenses in which neighbors are required to be notified, under authority of the City of Saint Paul, the terms defined in this section shall have the <u>following</u> meanings ascribed to them:

Adverse action means the revocation or suspension of a license, the imposition of conditions upon a license, the denial of an application for the grant, issuance or renewal of a license, the imposition of a fine, the assessment of the costs of a contested hearing, and any other disciplinary or unfavorable action taken with respect to a license, licensee, or applicant for a license. "Adverse action" includes any of the foregoing directed at one (1) or more licenses held by a licensee at any location in the city. "Adverse action" also

includes disapproval of licenses issued by the state under statutory provisions which permit the governing body to disapprove the issuance of the license.

Bond means a bond meeting the requirements of section 310.05 and indemnifying the city against all claims, judgments or suits caused by, resulting from or in connection with any licensed business, activity, premises, thing, facility, occurrence or otherwise under these chapters.

Building official means the official in the department of safety and inspections charged with the responsibility of enforcement of the building code.

Chapters and these chapters shall mean this uniform license ordinance, any chapter of the Legislative Code pertaining to licenses as hereinafter mentioned, and subsequently enacted ordinances establishing or relating to the requirements for class R, class T, and class N licenses under authority of the city.

Class R licenses means those licenses and certain permits which can be issued by the Director without council approval if no conditions are imposed upon the license and which do not require a hearing if there is an objection. Class R Licenses follow the Procedures for Application for the Grant or Issuance of a License, New Application Investigation and Review, Application Denial, Notice, Levels of Approval, Objections, and Renewal Procedures laid out in Section 310.02(1). The following licenses are so classified, and the numbers shown opposite them correspond to the chapters in the Legislative Code pertaining to each license:
