WHEREAS, the City of Saint Paul ("City") through its Department of Parks and Recreation and in collaboration with the Saint Paul Saints seeks to acquire property and obtain financing for the public purpose of developing and constructing a regional ballpark ("Ballpark") in the Lowertown neighborhood of Downtown Saint Paul; and

WHEREAS, the Ballpark will be owned by the City and managed by and/or leased to the Saint Paul Saints for their use as well as continued public use as a municipal stadium; and

WHEREAS, the Lowertown Ballpark design and construction process will include community interaction including the District 17 Community Council, following through on the City's commitment for community participation throughout the design and construction process; and

WHEREAS, an advisory Lowertown Ballpark Design and Construction committee will be created. The membership will include residents and business representatives from Lowertown and nearby impacted areas appointed by the District 17 Community Council, and including the design center. This advisory committee will be charged with providing input on the Lowertown Ballpark design and construction process with a focus on ensuring that a livable and economically viable neighborhood is maintained throughout the construction process and after the Ballpark is in operation; and

WHEREAS, City Staff will continue to report back periodically to the Saint Paul City Council regarding the status of the Lowertown Ballpark including specifically related to community participation, roadways and parking; and

WHEREAS, The Port Authority of the City of Saint Paul, Minnesota ("Port Authority") has at the City's request entered into a Contingent Purchase Agreement with the owner of the Diamond Products Company parcels in

Lowertown with a closing set for July 31, 2012; and

WHEREAS, the Port Authority ~~is negotiating~~ has negotiated a purchase agreement with the owner of the Rasoir Property; and

WHEREAS, Directors of the City's Departments of Parks and Recreation and Office of Financial Services have negotiated a Contingent Real Estate Acquisition Agreement with the Port Authority ("Port Agreement") and the material terms of the Port Agreement provide that the Port Authority will make a financial contribution to purchase and close on the acquisition of the Diamond Products Company parcel and use its efforts to acquire the Rasoir parcel and upon closing, to transfer the title(s) to such parcels to the City, and upon construction of the Ballpark, the City will transfer the Midway Stadium site to the Port Authority; and

WHEREAS, the City Council has on the same day of this Resolution adopted a companion Final Order resolution authorizing the acquisition of real properties needed to develop the Ballpark in Downtown Saint Paul and the Port Agreement covers the two largest properties of the site; and

WHEREAS, in the event that the City is successful in constructing the Ballpark in Lowertown, the Department of Parks and Recreation will no longer need Midway Stadium and would like to be free to dispose of the Midway Stadium site and land; and

WHEREAS, Chapter 13.01.1 of the Saint Paul City Charter states that: "Lands which may have been heretofore acquired by any means.... for park purposes shall not be diverted to other uses or disposed of by the city except in the following manner." and goes on to require that if parkland is disposed of, that replacement parkland be acquired to replace it; and

WHEREAS, the City Council finds that the Charter provision is intended to ensure that there is no net loss of parkland due to a sale or disposal of property and that the disposal of Midway Stadium, if initiated because the City has completed construction of the Ballpark, would not result in the reduction of parkland; and

WHEREAS, while the City desires to construct the Ballpark on the Lowertown properties the financial ability to do so is dependent on the receipt of state grant funds and in the meantime, the City plans to demolish the structures on the properties, perform environmental remediation activities, and surcharge the site, all with the express intention that the site would become suitable for a wide range of potential redevelopment projects; and

WHEREAS, \$3,000,000 of the project Ballpark budget will come from the Saint Paul Port Authority in the form of land and in-kind contributions; and

WHEREAS, the Mayor, pursuant to Section 10.07.1 of the Charter of the City of Saint Paul, does certify that there are available for appropriation, funds of \$54,000,000 in the Capital Improvement Budgets;
