- (b) A tobacco vending machine may be located in a public accommodation, provided that:
- (1) All tobacco vending machines shall be operable only by the activation of an electronic switch operated by an employee of the establishment before each sale, or by insertion of a token provided to the purchaser by an employee of the licensee; and

The tobacco vending machine shall not be located in a coatroom, restroom, unmonitored hallway, outer waiting area or similar unmonitored areas. The tobacco vending machine shall be inaccessible to the public when the establishment is closed.
- (c) Any license issued pursuant to this chapter shall be issued to the person, firm or corporation that operates the principal business at that address. Each vending machine shall be required to have a separate license.
- (d) No license may be issued pursuant to this chapter for a location or place of sale if a tobacco license previously issued for that location or place of sale has been revoked for any reason other than nonpayment of license fees within the past five (5) years, subject to the following exceptions:
- (1) Notwithstanding subdivision (d), a license may be issued if the new applicant:
- a. Currently holds another tobacco license in the city;
- b. Has held the license for at least five (5) years; and

- (2) Notwithstanding subdivision (d), a license may be issued if the new applicant is otherwise able to demonstrate at least five (5) years of previous experience operating a tobacco retail establishment in a law-abiding manner in the State of Minnesota. In considering an application made pursuant to this subsection, the factors to be considered by the council include, but are not limited to:
- a. Any adverse or disciplinary actions against any business licenses held by the applicant in the previous five (5) years; and
- b. Any violations of the law related to operating a retail establishment, committed by the applicant in the previous five (5) years, regardless of whether any criminal charges have been brought in connection therewith.

When deviating from these standards, the council shall provide written reasons that specify why the penalty selected was more appropriate.

(b) Presumptive penalties for violations. Adverse penalties for violations or convictions shall be presumed as follows:

Type of Violation	Appearance			
	1st	2nd	3rd	4th

(c) Fines payable without hearing. Notwithstanding the provisions of section 310.05(l), a licensee who would be making a first or second appearance before the council may elect to pay the fine to the department of safety and inspections without a council hearing, unless the notice of violation has indicated that a hearing is required because of circumstances which may warrant deviation from the presumptive fine amount. (d) Computation of time.

(1) Second, third and fourth appearances. A second violation within twenty-four (24) months shall be treated as a second appearance, a third within twenty-four (24) months treated as a third appearance, and a fourth within twenty-four (24) months treated as a fourth appearance for the purpose of determining the presumptive penalty.

Measurement of the twenty-four (24) month period shall be as follows: The beginning date shall be the earliest violation's date of appearance before the council, and the ending date shall be the date of the new violation. In case of multiple new violations, the ending date to be used shall be the date of the violation last in time.
