NOW THEREFORE, BE IT RESOLVED, by the Saint Paul City Council as follows:

Section 1. Approval of Redevelopment Plan.

1.01 It is hereby found and determined that the undertakings and site of the Project, as described in the Redevelopment Plan constitutes a "redevelopment project" within the meaning of Minnesota Statutes, Section 469.002, Subdivision 14. It is hereby found and determined that the land in the Project Area would not be made available for, nor would redevelopment be financially feasible without the financial assistance proposed for the Project. It is hereby found and determined that the Redevelopment Plan will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the redevelopment of such area by private enterprise. It is hereby found and determined that the Redevelopment Plan conforms to the Saint Paul Comprehensive Plan and the general plan for the development of the City as a whole.

1.02 The Redevelopment Plan is hereby approved as in the public interest and as necessary in order to carry out the development and redevelopment of the Project Area in accordance with the objectives and purposes in said Redevelopment Plan provided thereby to eliminate the conditions identified in said Redevelopment Plan and accomplish the provision of public improvements and private developments contemplated by said Redevelopment Plan in the furtherance of the general welfare of the citizens of Saint Paul.

Section 2. Findings for the Creation of the Tax Increment Financing District and Adoption of a Tax Increment Financing Plan Therefor.

2.01 The City Council hereby finds that the creation of the Tax Increment Financing District and adoption of the Tax Increment Financing Plan therefor, are intended and, in the judgment of the City Council, its effect will be, to carry out the objectives of the Redevelopment Plan and to create an impetus for the construction of low and moderate income housing, and will otherwise promote certain public purposes and accomplish certain objectives as specified in the Redevelopment Plan and Tax Increment Financing Plan.

2.02 The City Council hereby finds that the creation of the Tax Increment Financing District and the adoption of the Tax Increment Plan are intended, its effect will be, to carry out the objectives of the Redevelopment Plan by creating an impetus for the redevelopment of two historic buildings and the development of housing facilities in the City and otherwise promote public purposes and accomplish certain objectives as specified in the Redevelopment Plan and Tax Increment Financing Plan.

2.03 The City Council hereby finds that the Tax Increment Financing District qualifies as a "housing district" within the meaning of the Tax Increment Act for the following reasons:

The District is, pursuant to Minnesota Statutes, Section 469.174, Subdivision 11, a "housing district" because it consists of a project or portions of a project or a portion of a project intended for occupancy, in part, by persons or families of low and moderate income as defined in Chapter 462A, Title II of the National Housing Act of 1934; the National Housing Act of 1959; the United States Housing Act of 1937, as amended; Title V of the Housing Act of 1949, as amended; and any other similar present or future federal, state or municipal legislation or the regulations promulgated under any of those acts. No more than 20% of the square footage of buildings that receive assistance from tax increments will consist of commercial, retail or other

nonresidential uses.

The project to be constructed in the Tax Increment Financing District will consist of approximately 261 units of rental housing. At least 40% of the units in the buildings of the project that receive tax increment financing assistance will be rented to and occupied by individuals or families whose income is 60% or less of area median income.

2.04 The City Council hereby makes the following findings:

(a) The City Council further finds that the proposed development, in the opinion of the City Council, would not occur solely through private investment within the reasonably foreseeable future and, therefore, the use of tax increment financing is deemed necessary. The specific basis for such finding being:

The housing development will result in the renovation of two existing historic buildings into an affordable housing development as a mid-rise, medium-to-high density, mixed use urban neighborhood consisting of approximately 261 rental units, which renovation would not be undertaken in the reasonably foreseeable future. St. Paul Leased Housing Associates IV, Limited Partnership (the "Developer") has represented that it could not proceed with the development without tax increment assistance.

(b) The City Council further finds that the Tax Increment Financing Plan conforms to the general plan for the development or redevelopment of the City as a whole. The specific basis for such finding being:

The Tax Increment Financing Plan will generally complement and serve to implement policies adopted in the City's comprehensive plan. The housing development contemplated is in accordance with the existing zoning for the property.

(c) The City Council further finds that the Tax Increment Financing Plan will afford maximum opportunity consistent with the sound needs of the City as a whole for the development of the Tax Increment Financing District by private enterprise. The specific basis for such finding being:

The proposed development to occur within the Tax Increment Financing District is primarily low and moderate income housing. The development will increase the taxable market valuation of the City. The available housing in the City will expand by approximately 261 rental units with the completion of the development contemplated by the Tax Increment Financing Plan.

(d) The City does not expect any commercial/industrial net tax capacity in the Tax Increment Financing District; however, to the extent required, the City elects to retain all of the captured tax capacity to finance the costs of Tax Increment Financing District. The City elects the method of tax increment computation set forth in Minnesota Statutes, Section 469.177, Subd. 3(a).

(e) The City elects to delay the receipt of the first increment until tax payable year 2015.

2.05 The provisions of this Section 2 are hereby incorporated by reference into and made a part of the Tax Increment Financing Plan.

Section 3. Creation of the Tax Increment Financing District and Approval of the Tax Increment Financing Plan.

3.01 The creation of the Tax Increment Financing District and the Tax Increment Financing Plan are hereby approved.

3.02 The staff of the City, the staff of the Authority and the City's and Authority's advisors and legal counsel are authorized and directed to proceed with the establishment of the Tax Increment District and the Tax Increment Financing Plan and for this purpose to negotiate, draft, prepare and present to the Board of Commissioners of the Authority for its consideration all further plans, resolutions, documents and contracts necessary for this purpose.
