Public hearing to consider the appeal of Patrick Lindmark to a decision of Board of Zoning Appeals (BZA) denying a rear yard setback variance needed to remove an existing three-car detached garage in the rear yard, and construct a new, three-car garage addition connected to the rear of the house by an enclosed breezeway, at 975 Lincoln Avenue.

See attached BZA Resolution.

On May 9, 2016, the BZA denied a similar variance request submitted by David Klun, the contractor for the new garage project. The property owners are being represented this time by their attorney who submitted the same variance request as the one previously submitted by the contractor. On July 6, 2016, the BZA once again denied the variance request after holding a public hearing where all parties were afforded an opportunity to be heard. The appellant is appealing the denial by the BZA. The applicant's grounds for appeal are included in the attached appeal documents.
