Appeal of DB1, LLC to a Re-Inspection Fire Certificate of Occupancy With Deficiencies at 1303 FREMONT AVENUE.

Please see Deficiency Item #4. This item was not on the initial/original inspection list. This was added at the 2nd inspection dated April 21, 2011.

This also does not seem fair as the city alley is not even paved. Furthermore, the majority of the driveways on this alley are grass or dirt and not paved. Shouldn't this requirement be consistent for everyone?
