Public hearing to consider the appeal of Hamline Midway Coalition to a decision by the Board of Zoning Appeals (BZA) to approve variances from the sign code requirements in order to allow a projecting business sign for The Love Doctor store.

The applicant, Troy DeCorsey, applied for a variance from the sign code requirement of Section 64.503(a)(3) in order to install a 25 square foot sign per side projecting 4 feet over the public sidewalk resulting in a variance of 9 square feet and a projection variance of one foot. A public hearing was held on November 26, 2012. Staff recommended denial of the requested variances. There was no opposition present at the hearing. After hearing the applicant's testimony, the BZA moved to approve a 20.5 square foot sign per side projecting 4 feet over the public sidewalk resulting in a size variance of 4.5 square feet and a projection variance of one foot.

The appellant, Hamline Midway Coalition submitted an application for appeal. As grounds for appeal, the applicant states: "According to BZA staff report, several findings were not met".
