Appeal of Angela Laskowski, Riverview at Upper Landing, to a Fire Inspection Correction Notice at 360 SPRING STREET.

Our apartment community is comprised of 344 apartments at two buildings at 360 Spring Street and 400 Spring Street. Each apartment home has its own individual heating/cooling system located in the apartment called a MagicPak system. We are objecting to the necessity to conduct an individual inspection on each apartment for the following reasons:

Per Appellant's letter; already have mandated carbon monoxide detectors, cost, not in heating season, and Allied Partners of Xcel Energy center.
