**WHEREAS**, pursuant to §73.03.1 of the Legislative Code, the Heritage Preservation Commission held a public hearing on August 13, 2015 for the purpose of considering the historic use variance application, and having considered the report and recommendation of staff and testimony received, made a recommendation to conditionally approve the application and forwarded the recommendation, application, staff report, and all other materials relative to the application to the Planning Commission; and

**WHEREAS**, pursuant to §73.03.1 and §61.303 of the Legislative Code, the Zoning Committee held a public hearing on August 27, 2015 for the purpose of considering the historic use variance application, and pursuant to §107.03 of the Administrative Code, submitted its recommendation to the Planning Commission for approval; and

**WHEREAS**, the Planning Commission considered the historic use variance application at its meeting held on September 4, 2015, and made a recommendation to conditionally approve the application and forwarded the documentation and recommendation of the heritage preservation commission together with its own findings

and recommendation to the City Council; and

**WHEREAS**, a public hearing before the City Council has been duly conducted at which all interested parties were given an opportunity to be heard; and

**WHEREAS**, the City Council has considered all the testimony and recommendations concerning the proposed historic use variance.

**NOW, THEREFORE, BE IT RESOLVED**, that the Saint Paul City Council hereby approves the historic use variance to allow a tap house / microbrewery with food service at 445 Smith Avenue N. subject to the following conditions:

1. City Council designation of the five properties within the Limestone Properties Thematic Nomination, including 445 Smith Avenue, as Saint Paul Heritage Preservation Sites.
2. There shall be no off-street parking provided on the subject site.
3. Substantial compliance with the site plan submitted with the application, or as amended to comply with HPC design review. Expansion of the use on the site beyond what has been proposed in this application via building additions or outdoor patios shall require separate historic use variance application and approval.
4. HPC design review approval of any proposed site and building repairs, demolition, alterations and new construction. All work shall meet the applicable Preservation Program and the Secretary of the Interior's Standards for Rehabilitation.
5. Final site plan approval by the Zoning Administrator and all other necessary City approvals prior to the commencement of any work.
6. By ordinance, the final decision of the city council shall be valid for a period not longer than two years following the date of the council's motion of intent approving the application unless a city permit(s) is obtained within that time and/or steady progress is being made to establish the use. A use variance shall terminate and any subsequent use of the property or premises shall be in conformance with the property's underlying zoning classification where the use permitted by the historic use variance is destroyed by fire or other peril.
