Amending Chapter 84 of the Administrative Code establishing a dollar threshold for applicability, creating a set-aside program for CERT certified businesses and establishing penalties for failure to establish good faith efforts to establish vendor outreach goals.

THE COUNCIL OF THE CITY OF SAINT PAUL DOES ORDAIN:

### SECTION 1

Chapter 84 of the Saint Paul Administrative Code shall be amended as follows:

#### Sec. 84.01. Declaration of Policy and Purpose.

The ordinance is based on and responds to the information and evidence of discrimination against women and minorities documented by the study submitted by BBC Research & Consulting, September 1995, to the City of Saint Paul (City); and the disparity study submitted by the Institute on Race and Poverty, February, 1996, to the City of Saint Paul; and future disparity studies conducted for a similar purpose as it relates to information and evidence of discrimination against women and minorities. In doing so, this ordinance is intended to remedy and correct the effects of past discrimination in construction, goods, services, and professional services whose effects still burden small business enterprises (SBEs), and minority-owned business enterprises (MBEs), and women-owned businesses enterprises (WBEs) in the eCity.

This ordinance will help prevent future discrimination against vendors and contractors who provide goods and services to the eCity, or engage in the completion of construction contracts to which the eCity is or shall be a party. It is intended to further discourage and prevent discrimination on account of race or gender.

It is the policy of the eCity both (a) to attempt to provide a remedy for past underutilization of qualified minority-, and women-owned businesses and economically disadvantaged small businesses SBEs, MBEs, and WBEs, and (b) to prevent ongoing underutilization of such businesses in the eCity's contracting process, by facilitating their participation as vendors to the eCity in its purchase of goods, services, professional services, and construction of public buildings and publicly assisted projects, and its various economic development activities.

The policy of the eCity is to promote increased participation by qualified SBEs, MBEs and WBEs, minority-owned, women-owned, and economically disadvantaged small businesses in public contracting that is comparable to their availability in the Saint Paul marketplace. To this end, the eCity shall must set annual benchmarks or levels of participation for SBEs, MBEs and WBEs Minority Business Enterprises (MBE's), Women-owned Business Enterprises (WBE's), and Small Business Enterprises (SBE's) participating in eCity contracting activities based upon their current availability within the marketplace. These levels of participation shall must not be quotas. The levels that are established shall must be reviewed every three (3) years, and the participation of such businesses shall must be reviewed every three (3) years, to insure ensure:

- (1) That the program ~~does seeks~~ no more than to remedy the effects of past discrimination and prevent future discrimination; and
- (2) That the program does not become over time a race- or gender-based entitlement or quota program, nor become a limitation or cap on the participation of qualified businesses.

#### Sec. 84.02. Short Title.

This ordinance and the program it enacts shall must be cited as the "Vendor Outreach Program."

#### Sec. 84.03. Definitions.

#### Sec. 84.04. Applicability.

- (a) The provisions of this ordinance shall be liberally construed for the accomplishment of its policies and purposes. The provisions apply to all contracts which are awarded or entered into by the eCity. This includes, but is not limited to, including vendor contracts and prime contracts, except as may be hereinafter specifically exempted., and shall be liberally construed for the accomplishment of its policies and purposes.
- (b) Any bid response to a solicitation, as to which there is or has been a material lack of compliance with the requirements of this Chapter 84 by any bidder, shall be deemed to be an unresponsive bid, and, s Such lack of compliance shall be a sufficient basis for the rejection of that bid response to a solicitation by the dDirector.
- (c) Every contract covered by this chapter, which is entered into without bidding, shall include provisions which:
- (1) ~~(a)~~ obligate the prime contractor, developer, and vendor to fully comply with the applicable outreach requirements imposed in this chapter; i
  - (2) ~~(b)~~ provide that failure to so comply is a breach of such contract; i and
  - (3) ~~(c)~~ provide remedies for such breach.
- (d) Exemptions to this ordinance include:
- (1) Contracts for which there are no business opportunities, including professional services;
  - (2) Contracts where the only business opportunities available are for highly specialized scopes of work where fewer than 5 businesses in the country provide such services; and
  - (3) Contracts where this ordinance is in direct conflict with the federal Disadvantaged Business Enterprise program. Such instances may include the construction of bridges or other highway

heavy construction receiving funding from the Department of Transportation or passed through the Minnesota Department of Transportation.

#### Sec. 84.05. Administration.

- (a) The dDirector shall direct and administer the Vendor Outreach Program.
- (b) The dDirector may contract with other governmental agencies to administer programs for such other agencies which are similar to the Vendor Outreach Program, provided that the eCity is fully protected from liability and risk of loss arising out of such contract or contracts. The Director may also contract with nongovernmental agencies for the administration of all or part of the Vendor Outreach Program.
- (c) All departments and offices of the eCity shall share in the responsibility for accomplishing the policy and purposes of the Vendor Outreach Program. The mMayor may, by administrative order, provide for additional activities and reports in furtherance of said program. In particular, the dDirector shall work jointly with other eCity departments and offices to establish levels of utilization of CERT certified SBEs, MBEs and WBEs in and for professional services contracts, vendor contracts, and or any other categories of purchases or contracts that may help the eCity to accomplish the overall purpose of the program.

#### Sec. 84.06. Establishment of desired levels of participation.

- (a) *Annual participation.* In consultation with each eCity department and office, the dDirector shall establish, as provided in this section, on an annual basis, the desired levels of participation of CERT certified SBEs, of MBEs, and of WBEs in vendor contracts and prime contracts for the next fiscal year, expressed as a percentage, for each, of the reasonably anticipated total dollar amount of all such contracts. Such levels of participation shall may be adjusted, from time to time during the course of the year as may be necessary, based on changes in the availability of SBEs, MBEs and WBEs in the marketplace.
- (b) *Adjustments for individual prime contracts.* The Director shall also establish and/or, where appropriate, modify levels of participation by subcontractors or vendors, which may be more or less than the annual levels established in subsection (a) above, for individual prime contracts, taking into account the total dollars of the contract and the dollars in the contract which may reasonably be expected to be subcontracted available as business opportunities for CERT certified SBEs, MBEs, and WBEs. In setting such level of participation, the dDirector shall also take into account and remove from consideration those amounts and works under the contract and subcontracts which cannot be performed or supplied by subcontractors which are certified as eligible for participation in the vendor outreach program CERT certified SBEs, MBEs, and WBEs. Such levels of participation shall be established by SIC NAICS Code where appropriate, and the Director shall indicate which codes included within the definition of SIC NAICS Code are being used and for what purposes.
- (c) *Factors.* In setting levels of participation of SBEs, MBEs, and WBEs, whether annually under subsection (a) above or for individual prime contracts under subsection (b) above, the dDirector shall endeavor to arrive at the number of such businesses (i) which are currently available in the marketplace and which are qualified to do the particular work required by the eCity contract, and (ii) which would reasonably be expected by normal economic and business operation and market forces to participate in such vendor contracts and prime contracts, in the absence of present discrimination or the effects of past discrimination.

The dDirector shall may consider the following factors in establishing levels of participation:

- (1) The practical, as opposed to theoretical, availability of SBEs, MBEs and WBEs ("such businesses" in this subsection) in the marketplace;
- (2) The particular goods and services, or construction or development projects, for which such

businesses are available;

- (3) The past levels of participation of such businesses in eCity vendor contracts or as subcontractors in eCity prime contracts;
  - (4) The reasonably anticipated number and amount and type of eCity vendor contracts and subcontracting opportunities in eCity prime contracts for the next fiscal year;
  - (5) Whether the reasonably anticipated contracts are for goods or services, or construction contracts, for which there are few or no such businesses available or qualified to do the particular work, or to do subcontracts;
  - (6) Whether such businesses will be able to obtain necessary bonds, insurance policies, and equipment or personnel required to perform such eCity vendor contracts or subcontracting on prime contracts;
  - (7) As to professional services, the levels of participation for SBEs, MBE, and WBEs, providing goods, services, or professional services, that are established by other eCity departments and offices similarly structured government entities in the City's marketplace that have completed recent disparity studies;
  - (8) Whether the previous year's goals were surpassed and if the goal must be increased to accurately reflect the availability in the marketplace;
  - (9) Whether the reasonable and necessary requirements of the contract render subcontracting or other participation of business other than the bidder or proposer infeasible;
  - (10) Whether a public or administrative emergency exists which requires the goods or services, or construction or development project, to be delivered or performed with unusual immediacy;
  - (11) Whether the number of certified SBEs, MBEs or WBEs providing the services required by the contract are so few as to render them unavailable in practical terms, despite attempts to locate them; and
  - (12) Whether the application of the provisions of this ordinance will impose an unwarranted risk on the eCity or unduly delay acquisition of the goods or services, or completion of the construction or development project.
- (d) Availability shall be construed as broadly as is lawful and reasonably possible in order to effectuate the goals of this ordinance.
- (e) And the dDirector shall develop and administer a program to assist certified businesses to obtain bonding and insurance.
- (f) Unmet levels of participation. In the event that the number and dollar amount of vendor or prime contracts awarded to CERT certified SBEs, MBEs, and WBEs does not rise to the levels of participation that were established under this section, the Director shall re-examine the procedures used by the Director and other City officials for the proceeding and award of contracts. Where appropriate, the Director may seek other changes in the procedures by ordinance or administrative order.

#### Sec. 84.07. Certification of businesses.

- (a) *Requirement; ~~two~~ three years.* Any SBE, MBE, or WBE (business) ("such business" or "such businesses" for the remainder of this section) which seeks to participate in, or avail itself of the benefits of, the vVendor eOutreach pProgram, must first be CERT certified. Once CERT certified, the certification is valid for the following ~~two~~ (2) three (3) calendar years and, thereafter, renewable for ~~two~~ three-year periods by recertification.
- (b) *Application.* Such business shall file an application with the dDirector, and provide such information

on such forms as the dDirector may reasonably require. The dDirector may require information:

- (1) Related to, or T that will establish that such business meets and will continue to meet the definition of an CERT certified SBE, MBE or WBE, as the case may be, for the entire period of certification;
  - (2) That delineates the availability and qualifications of such business;
  - (3) Concerning T the areas of eCity vendor contracts or prime contracts such business seeks; and
  - (4) Conveying T the number and dollar amount of past eCity contracts it has been a party to or participated in as a subcontractor.
- (c) *Certification of another jurisdiction ("reciprocal applications")*. The dDirector may, in his or her sole discretion, waive all or part of the application process, and waive the submission of information required thereunder, as to any such business which has been certified under a program materially similar to the vVendor eOutreach pProgram. The burden is on the applicant to furnish a copy of the application and supporting information from the other program, and to demonstrate to the satisfaction of the dDirector that the guidelines and requirements of the other program are substantially similar to those required under the vVendor eOutreach pProgram. This authority is not intended to amend, modify or rescind, in whole or in part, any agreements that may exist to engage in a joint certification process with other governmental entities.
- (d) *Joint applications*. The dDirector may cooperate with any other governmental entity having a program materially similar to the vVendor eOutreach pProgram in providing for a joint or mutually acceptable application process.
- (e) *Change in circumstances*. If the dDirector is put on notice, or has reason to believe that any such business no longer meets the qualifications of a SBE, MBE, or WBE, the Director reserves the right to conduct an investigation in order to verify that the business is still eligible for CERT certification. During the investigation, the Director reserves the right to request documentation from the SBE, MBE, or WBE to exhibit that it meets the qualifications for the CERT certifications for which it was approved. If, during or after the investigation, the SBE, MBE, or WBE is found to no longer meet the definition of the corresponding certification, the Director may immediately terminate the business' certification(s). determines that any such business no longer meets the definition of SBE, MBE or WBE, as the case may be, the director may terminate the certification of such business. Each such business, which has been certified, is and remains under a continuing obligation to report to the dDirector any change in circumstances affecting it that would cause it not to meet the appropriate definition.
- (f) *Material misstatement of fact*. If the dDirector determines that any such business made a material misstatement of fact in its application for certification or in any information submitted in support of the application, whether intentional or by mistake, the dDirector may determine either not to certify such business for participation in the vVendor eOutreach pProgram, or to terminate the certification of such business if already granted.
- (g) *Periodic review*. The certification for each such business may be reviewed periodically by the dDirector to determine that it continues to be eligible for certification and meets the definitions of an CERT certified SBE, MBE or WBE, as the case may be, but such review shall take place at least every ~~two~~ (2) three (3) years after its initial certification. The dDirector may require each such business which has been certified to submit all information necessary to verify the continued eligibility of such business, and the failure of such a business shall automatically terminate its eligibility to participate in the vVendor eOutreach pProgram.
- (h) *Inspection*. The dDirector is hereby authorized to verify that the CERT certified SBEs, MBEs or WBEs working on any cCity vendor contract or on any city prime contract are CERT certified, remain eligible and certified, actually performing the work, and otherwise in compliance with the vVendor eOutreach pProgram. Such verification may be made by on-site inspection, requesting written information from the bidder or the subcontractor, or by such other means as may be reasonable.

- (i) Access to records. Each CERT certified SBE, MBE or WBE shall, upon request of the dDirector, permit access during normal business hours to its business work site, records, and files as needed to determine conformance with program requirements herein.
- (h) Targeted vendor development program. A business which is registered as a "targeted vendor" pursuant to section 81.07, Saint Paul Administrative Code, on the effective date of this ordinance shall be certified as an SBE, MBE, or WBE, as the case may be, and shall be included in the vendor outreach program for a period of six (6) months following the effective date of this ordinance. The director shall notify all such targeted vendors of the provisions of this ordinance. During such six-month period, all such targeted vendors which wish to be further certified shall make request to be further certified in conformity with the requirements of this subsection. Upon receipt of such a request, the director shall review any materials previously filed to determine compliance with certification requirements. Where current materials are insufficient to determine compliance, additional materials may be requested. Any targeted vendors failing to submit a request to continue, or failing to submit all additional materials which may be requested by the director, will be terminated and will have to submit to a new certification process.

#### **Sec. 84.08. Prime contract bid requirements.**

- (a) Evidence of compliance with bid documents. Before the bid is awarded, E each apparent low bidder on a eCity prime contract having a vVendor eOutreach pProgram goal as a material term is required to submit evidence with the bid document demonstrating compliance with and commitment to the Vendor eO outreach Program goal or, alternatively, within ten (10) days after the bid opening date, Such evidence must exhibit compliance with and commitment to the outreach goal or good faith efforts exhibiting why the goal will not be attained. Such good faith efforts must be in accordance with Section 84.11 below. Before the bid is awarded to it, each apparent low bidder shall submit evidence of its compliance with the requirements of the vVendor eOutreach pProgram. The Director may prescribe forms on which bidders may provide evidence of compliance with the Vendor Outreach Program. along with evidence of compliance with the outreach efforts listed in subparagraph e, specifically (6) and (9) on such forms as the director may prescribe. Such forms may include a certification by the bidder that the bidder will not use any subcontracts on the particular job. The bid may be rejected as being nonunresponsive if the bidder has not otherwise complied with the above outreach requirements of the Vendor Outreach Program as required by this section 84.08.
- (b) Commitment to goal. Before the bid contract is awarded, an apparent low bidder on a prime contract must submit evidence that it has or will enter into binding contracts with CERT certified subcontractors whose contract dollar amounts meet or exceed the levels of participation established for that prime contract. This evidence shall constitute a material term of the prime contract if awarded. A subcontractor or vendor is CERT certified for the purpose of this subsection if it is CERT certified before the award of the contract, or before the end of the contract. If such bidder prime contractor submits the name of a proposed subcontractor to satisfy this program, and the subcontractor is not certified before the award of the bid contract, the dollar amount of that subcontract will not be counted in determining the level of participation of CERT certified SBEs, MBEs and WBEs, and the bid may be rejected as being unresponsive if the bidder has not otherwise complied with the above outreach requirements of the vendor outreach program as required by this section 84.08. If, however, a business listed at SBE, MBE or WBE is not CERT certified before the award of the contract, but becomes CERT certified before the end of the contract, it may, at time of CERT certification approval, count towards the level of participation. Bidders Prime contractors shall not count toward the desired level of participation any agreements with businesses that are not located within the marketplace or otherwise do not meet the guidelines as set forth in this ordinance. The bidder prime contractor may include first and second tier subcontractors and suppliers as meeting the desired levels of participation.
- (c) Outreach good faith efforts factors. A bidder not binding itself to the established outreach goal may be classified as a responsive and responsible bidder if it documents and establishes to the city that it engaged in the following good faith efforts:

- (1) List each possible subcontract opportunity in the prime contract, indicating where possible the SIC Code of such work, seeking the assistance of the director in ascertaining such subcontract opportunities.
- (2) Obtain a current list of certified SBEs, MBEs and WBEs from the director, which list shall contain where available the applicable SIC Code or codes for such businesses.
- (3) Attend all pre-bid conferences to obtain information about the vendor outreach program, the levels of participation of certified SBEs, MBEs and WBEs, and the outreach requirements herein.
- (4) Request assistance from minority and women community organizations, minority and women contractor groups, or other organizations that provide assistance in the recruitment and placement of SBEs, MBEs or WBEs.
- (5) Obtain a current list of minority and women publications from the director.
- (6) Solicit bids from certified SBEs, MBEs and WBEs, which have been identified by the director in consultation with the bidder as being available and capable of performing the necessary work, for the subcontracts within the prime contract at least ten (10) days prior to bid opening, by phone, advertisement in a local paper and the relevant minority publications on the list obtained from the director, or other means specified by the director, by written notice to the bidder. The bidder for the prime contract must solicit bids from a minimum of five (5) such certified businesses for each subcontract within the prime contract, by SIC Code where available and applicable. If the applicable certified list, using the SIC Code or codes where available, is five (5) or fewer, such bidder must contact the entire list.
- (7) Provide plans and specifications or information regarding the location of plans and specifications to certified SBEs, MBEs or WBEs.
- (8) Where applicable, advise and make efforts to assist interested SBEs, MBEs and WBEs to obtain bonds, lines of credit, or insurance required to perform the contract.
- (9) Submit documentation if bids from certified SBEs, MBEs or WBEs were rejected, giving the complete basis to the certified vendor for the rejection and evidence that the rejection was justified.
- (10) Bidders on prime contracts who continuously list the same certified SBEs, MBEs and WBEs as having been contacted and listed as unavailable, when contact has previously been unsuccessful as a result of disconnected phone numbers or returned mail, will not be deemed to be in compliance with the outreach requirements.

#### **Sec. 84.09. Vendor contract requirements.**

- (a) Applicable requirements. The Vendor Outreach Program is applicable in both publicly bid and non-publicly bid opportunities.
- (b) Evidence of compliance. City vendor contracts having a Vendor Outreach Program goal as a material term are required to submit evidence upon entering the contract demonstrating compliance with and commitment to the Vendor Outreach Program goal. Such evidence shall exhibit efforts to engage and incorporate SBEs, MBEs, and WBEs on the contract where business opportunities are available. Upon engaging in a contract with the City, vendors engaged in vendor contracts must demonstrate their efforts to include SBEs, MBEs, and WBEs. This may be demonstrated by:
  - (1) Exhibiting a history of working with SBEs, MBEs, and WBEs;
  - (2) Providing specific plans of what SBEs, MBEs, and WBEs will be contracted with for the project;
  - (3) Providing a list of SBEs, MBEs, and WBEs contacted for purposes of engagement on the project; and/or

- (4) Other evidence, as deemed satisfactory by the Director, exhibiting the vendor's dedication to incorporating SBEs, MBEs, and WBEs on its project.
- (c) Commitment to goal. As contracts with SBEs, MBEs, and WBEs are finalized, vendor must submit updated documentation of all businesses working on the project, both non-CERT certified and CERT certified businesses. If, at any time, the established Vendor Outreach Program goal is not being met, then the vendor must submit good faith efforts as described in Section 84.11.

**Sec. 84.09 10. ~~Vendor contract requirements.~~ Director compliance and outreach requirements.**

- (a) Director compliance. The eDirector shall, consistent with applicable laws and statutes relating to competitive bidding and awards of contracts to the lowest responsible bidder or vendor contracts awarded, seek where possible and lawful to award a portion of vendor contracts to CERT certified SBEs, MBEs and WBEs, in accordance with the annual levels of participation for such businesses established pursuant to section 84.06 above.
- (b) Small business set-aside program. In accordance with achieving the annual levels of participation, CERT certified SBEs, MBEs, and WBEs may become eligible to be solicited for contracts falling within the categories noted below, provided that any award based on a negotiated price shall not exceed by more than five percent the municipality's estimated price for the goods and services if they were purchased on the open market and not under the set-aside program.
  - (1) Applicability. This "small business set-aside program" provision only applies to City departments' procurement processes.
  - (2) Contracts exceeding \$25,000 but not \$100,000. If the amount of the contract is estimated to exceed \$25,000, but not to exceed \$100,000, the contract may be made either upon sealed bids, by direct negotiation, or by other means, by obtaining two or more quotations for the purchase or sale when possible, with at least one quote to a CERT certified vendor, and without advertising for bids or otherwise complying with the requirements of competitive bidding. First consideration will be given to a CERT certified vendor if its quotation is within 5% of the lowest quote received. All quotations obtained must be kept on file for a period of at least one year after receipt.
  - (3) Contracts \$25,000 or less. If the amount of the contract is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the governing body. If the contract is made upon quotation it shall be based, so far as practicable, on at least two quotations, with at least one quotation to a CERT certified vendor. First consideration will be provided to the CERT certified vendor if its quotation is within 5% of the other quotation received. All quotations must be kept on file for a period of at least one year after their receipt. Alternatively, municipalities may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals.
- (c) Outreach requirements. The eDirector shall engage in one (1) or more of the following outreach steps in order to achieve the desired level of participation for all eCity vendor contracts:
  - (1) Solicit bids, proposals or quotations from CERT certified SBEs, MBEs and WBEs for the vendor contracts prior to bid opening by phone, advertisement in a local paper, or other means.
  - (2) Provide plans and specifications or information regarding the location of plans and specifications to CERT certified SBEs, MBEs or WBEs.
  - (3) Request assistance from minority and women community organizations, minority and women contractor groups, or other organizations that provide assistance to such minority and women contractor groups in the recruitment and placement of SBEs, MBEs or WBEs.
  - (4) Where applicable, advise and make efforts to assist interested SBEs, MBEs and WBEs to obtain bonds, lines of credit, or insurance required to perform the contract.

- (5) Prepare and maintain documentation if bids from CERT certified SBEs, MBEs or WBEs were rejected, giving the complete basis for the rejection and evidence that the rejection was justified.
- (c) Unmet levels of participation. In the event that the number and dollar amount of vendor contracts awarded to SBEs, MBEs and WBEs does not rise to the levels of participation that were established under section 84.06 of this ordinance, the director shall reexamine the procedures used by the director and other eCity officials for the processing and award of contracts. Where appropriate, the director may seek changes in such procedures by ordinance or administrative order.

#### **Sec. 84.10 11. Good faith efforts, consequences of failure.**

- (a) Good faith efforts required. On any contract with the City where a contracting party has failed to meet the established level of certified vendor participation, good faith efforts to meet such levels must be shown. Levels of certified vendor participation are evaluated throughout the duration of the contract.
- (b) Factors to be considered. When determining whether a good faith effort has been established the City will consider all relevant efforts, including but not limited to the following factors:
- (1) List each possible subcontract opportunity in the contract, indicating where possible the NAICS Code (or NIGP Code) of such work, seeking the assistance of the department in ascertaining such subcontract opportunities.
  - (2) Obtain access to the CERT Certified Vendor Online Directory or an exported list of the CERT certified businesses from CERT staff and search for current CERT certified SBEs, MBEs and WBEs.
  - (3) Attend all pre-bid and pre-construction conferences to obtain information about the Vendor Outreach Program, the levels of participation of CERT certified SBEs, MBEs, and WBEs, and the outreach requirements herein.
  - (4) Request assistance from local small business related organization; minority and women community organizations; minority and women contractor groups; or other organizations that provide assistance in the recruitment and placement of SBEs, MBEs, and WBEs.
  - (5) Solicit bids from CERT certified SBEs, MBEs and WBEs, which have been identified as being available and capable of performing the necessary work for the business opportunity within the contract within sufficient time for such business to provide a response, but at no time less than (10) business days prior to bid opening, by phone, fax, electronic mail, internet or other social media.
  - (6) Advertising available business opportunities in local papers, minority publications, and women publications.
  - (7) Solicit bids from a minimum of three (3) such certified businesses for each business opportunity available within the contract. Bidders who continuously list the same certified SBEs, MBEs and WBEs as having been contacted and listed as unavailable, when contact has previously been unsuccessful as a result of disconnected phone numbers or returned mail, will not be deemed to have made good faith efforts.
  - (8) Provided plans and specifications; information regarding the location of plans and specifications; or other necessary information regarding the opportunity to SBEs, MBEs and WBEs in a timely manner.
  - (9) Where applicable, advise and make efforts to assist interested CERT certified SBEs, MBEs and WBEs to obtain bonds, lines of credit or insurance, or other potential capacity barriers required to perform the contract.
  - (10) Submit documentation if responses from CERT certified SBEs, MBEs or WBEs were rejected, giving the complete basis for the rejection and evidence that the rejection was justified.
  - (11) Encourage potential SBE, MBE and WBE candidates to become CERT certified.

(c) Failure to meet good faith efforts.

- (1) A contracting party who fails to meet established goals and provide sufficient good faith efforts shall be subject to a penalty, the amount of which shall be calculated as follows:

The difference between the established Vendor Outreach Program goal based off of the available business opportunity on the contract that failed to establish good faith efforts and the actual goal achieved/actual amount contracted with CERT certified businesses.

- (2) Additionally, a contracting party who fails to meet established goals and provide sufficient good faith efforts on a project will be deemed a non-responsible bidder and placed on a list of ineligible bidders for a period of one year. During the period of ineligibility, the contracting party may request a review of its subsequent efforts to work with SBEs, MBEs, and WBEs on projects with other entities within the Marketplace for the purpose of being removed from the list and reinstated as an eligible bidder.
- (3) A contracting party found to have failed to provide good faith efforts shall be notified in writing of the determination. The notice must contain the amount of penalty being imposed, the date upon which placement on the ineligible list occurs, and the method for appealing the determination.

**Sec. 84.1012. Monitoring and Reporting.**

- (a) ~~Inspection.~~ The dDirector is hereby authorized to verify that the certified SBEs, MBEs or WBEs working on any eCity vendor contract or on any city prime contract are certified, remain eligible and certified, actually performing the work, and otherwise in compliance with the vendor outreach program. Such verification may be made by on-site inspection, requesting written information from the bidder or the subcontractor, or by such other means as may be reasonable.
- (b) ~~Access to records.~~ Each certified SBE, MBE or WBE shall, upon request of the dDirector, permit access during normal business hours to its business work site, records, and files as needed to determine conformance with program requirements herein.
- (c) ~~City reports.~~ Each eCity department and office and the HRA shall prepare reports documenting the levels of participation established for professional service agreements, and other contracts for the particular fiscal year, the results of their efforts to meet those goals, and the level of participation goals set for the following fiscal year. The dDirector shall prepare reports documenting goals established for development and other grant projects under its jurisdiction, and the results of its efforts to meet those goals.
- (d) ~~Report of the dDirector.~~ The dDirector shall annually submit a report to the mMayor, eCity eCouncil, and the hHuman rRights and eEqual eEconomic eOpportunity eCommission summarizing the information gathered pursuant to this section, including information about any other activities undertaken by or on behalf of the eCity to further the objectives of the vVendor eOutreach pProgram. The report shall be published and made available to program participants and other interested parties.

**Sec. 84.1113. Business development.**

- (a) ~~Reserved.~~
- (b) Support for CERT certified SBEs, MBEs and WBEs. The Director of the Department of Planning and Economic Development shall undertake and/or facilitate any other activities to enhance the viability of CERT Certified SBEs, MBEs and WBEs, in the marketplace that are authorized by law or program. Such activities may include, but are not limited to, mentoring, technical assistance programs, advocacy efforts, encouraging joint venture formation, collaboration with organized labor, and providing financial assistance.

**Sec. 84.1213. Misdemeanor.**

It shall be a misdemeanor for any person to furnish or to provide fraudulent or false information for the purpose of gaining eligibility for, or participation in, the vendor outreach program.

**Sec. 84.1314. Applicability of other laws.**

Nothing in this ordinance should be construed to amend, modify, affect or repeal any provision in any other ordinance or statute that would otherwise be applicable to SBEs, MBEs, WBEs, or to any person, firm or corporation bidding on or party to any contract with the City of Saint Paul.

**SECTION 2**

This Ordinance shall take effect and be in force thirty (30) days following its passage, approval and publication.
