Amending Chapter 33 of the Legislative Code pertaining to Establishment of Permit Fees, Certificate of Compliance, and Fences - Requirements.

THE COUNCIL OF THE CITY OF SAINT PAUL DOES ORDAIN:

SECTION 1

Section 33.04 of the Saint Paul Legislative Code is hereby amended to read as follows:

Sec. 33.04. - Establishment of permit fees.

(a) *Fees required.* Before issuing any permit required by the building code, this chapter or other pertinent provisions of the Saint Paul Legislative Code, the fee as indicated in the following schedule shall be paid.

Where work for which any such permit is required is started or proceeded with prior to obtaining said permit, the fee specified shall be collected and, in addition, a penalty fee shall be collected. The penalty fee shall be equal to the specified permit fee. The payment of such penalty fee shall not relieve any person from fully complying with the requirements of the building codes in the execution of the work or from any other penalty prescribed herein.

Building valuation for the purpose of establishing building permit fees shall be as set forth by the valuation data published by the Building Code Division, Department of Administration, State of Minnesota, as may be amended from time to time.

Value of work other than that included in the valuation data published by the Building Code Division, State of Minnesota, must include the cost of installations, alterations, additions or repairs, including all labor and materials supplied by the contractor and other sources. The building code officer may require the contractor to furnish the city with a written statement of the actual cost of the work. When such costs exceed those for which the permit was issued, an additional permit fee will be required and collected based on the fee schedule established herein.

For vacant total remodel compliance, the fee shall be due upon approval of a total remodel agreement between the applicant and the department of safety and inspections and shall accompany an application for a demolition permit.

(b) The building official may issue a certificate of compliance for any building or structure in Group R-1 occupancy, as defined in the Minnesota State Building Code, when it is found that such building or structure complies with the provisions of Chapter 34 of the Saint Paul Legislative Code. This fee, in addition to the certificate of occupancy fee, shall be ~~six hundred eighteen dollars (\$618.00)~~ six hundred thirty-seven dollars (\$637.00) for a three-family dwelling, ~~six hundred forty-seven dollars (\$647.00)~~ six hundred sixty-six dollars (\$666.00) for a four-family dwelling, and ~~six hundred seventy-six dollars (\$676.00)~~ six hundred ninety-seven dollars (\$697.00) for a five-unit building.

(c) There shall be no fee charged for the issuance of a certificate of compliance for new buildings at the completion of their construction covered by a building permit.

(d) The building official may, without further inspection, issue a certificate of compliance for any building or structure which has been issued a fire certificate of occupancy, which issuance was based on an inspection under chapter 40 of the Legislative Code, within the previous twelve-month period.

SECTION 3

Section 33.07 of the Saint Paul Legislative Code is hereby amended to read as follows:

Sec. 33.07. - Fences-Requirements.

(d) Variances. A variance of the fence height or corner clearance regulations may be granted if, after investigation by the building official, it is found that site, or terrain, or nuisance animal conditions warrant a waiver of the height restrictions. An application fee of ~~seventy dollars (\$70.00)~~ seventy-six dollars (\$76.00) is required for each variance request.

(f) Barbed wire fences. No barbed wire fence shall be constructed within the city limits of the city, except for police and correction facilities, unless the following conditions are complied with:

- (1) No fence which uses barbed wire may be built in, or abut, a residentially zoned district or built on or abut a lot occupied residentially.
- (2) Barbed wire, not exceeding three (3) strands, may be permitted on the top of a fence; providing, that the arms do not project over public property. The minimum height to the bottom strand of the barbed wire shall not be less than six (6) feet from finished grade.
- (3) In all cases where a barbed wire fence is requested, an application shall be made to the building official.
- (4) A certificate of insurance indemnifying the City of Saint Paul shall be submitted with the application subject to the approval of the city attorney as to form and in an amount as set forth in Minn. Stat. § 466.04. An annual registration fee of ~~forty-one dollars (\$41.00)~~ forty-four dollars (\$44.00) shall be paid at the time of the annual certificate of insurance renewal.

SECTION 4

This Ordinance shall take effect and be in force thirty (30) days following its passage, approval and publication.
