Requesting a Planning Commission study of the city's current zoning regulations for a new portable sign type, pursuant to Minn. Stat. § 462.357, Subd. 4.

WHEREAS, the Council of the City of Saint Paul finds that Chapter 64 of the City's Zoning Code, in §§ 64.502, 64.503, 64.504, 64.505, and 64.506, allows portable signs in residential, traditional neighborhood, business, and industrial zoning districts; and

WHEREAS, the Council further finds that businesses or institutions in Saint Paul want to place sidewalk signs on the public sidewalk to direct customers to their business or institution and the Council supports their request; and

WHEREAS, the Council further finds that these sidewalk signs are best classified as portable signs; and

WHEREAS, the Council further finds that it is appropriate to exempt these sidewalk signs from the requirement of obtaining a permit; and

WHEREAS, Minn. Stat. § 462.357, Subd.4 authorizes the Council to initiate a zoning code amendment and refer the amendment to the planning commission for a study of the amendment, to obtain from the commission a report on the proposed amendment, and to not act upon the amendment proposal until sixty (60) days have elapsed from the date of the referral without a report from the commission; now therefore, be it
