Staff Comments: The City's cart delivery records show that the cart distributor attempted to deliver 1 64-gallon Medium cart to the property on 9/13/18. The cart delivery was unsuccessful due to owner refusal. The property owner then called the City's garbage information line on 10/3/18. The customer service representative's message stated: "He is very upset that he is being forced into garbage service he does not need. He has a commercial cart for his business and does not want the additional service. He would like to speak to who ever made these decisions as he feels they are unjust." The property owner is responsible for this delinquent charge as he was responsible for accepting the garbage cart that was delivered to ensure that he was receiving the services he was paying for.

WHEREAS, the Office of Financial Services Real Estate Section has attached to this Council File both a report of completion outlining the costs and fees associated with Collection of Delinquent Garbage Bills for services during October to December 2018. WHEREAS, the City Council's Legislative Hearing Officer has reviewed an appeal of this assessment and developed a recommendation for the City Council with respect to this assessment; and

WHEREAS, a public hearing having been conducted for the above improvement, and said assessment having been further considered by the Council and having been considered financially satisfactory; Now, Therefore, Be It
