Amending Chapter 24.03 of the Administrative Code related to financial disclosure requirements.

### SECTION 1

WHEREAS, Saint Paul Administrative Code Chapter 24.03 contains financial disclosure requirements for the Members of the City Council and their appointed aides, the mayor and the mayor's appointed assistants and aides, and all department directors; and

WHEREAS, the list of individuals who are required to file such disclosures was based upon a finding by the Council that such persons have authority to make, to recommend, or to vote on as a member of the governing body major decisions regarding the expenditure or investment of public money; and

WHEREAS, the Council now believes that some of the individuals being required to complete such disclosures do not have such authority; and

WHEREAS, Council does not wish to require such disclosures for individuals who lack the authority to participate in major decisions regarding the expenditure or investment of public money; now, therefore, be it;

RESOLVED, that the City of Saint Paul does hereby ordain:

### SECTION 2

Section 24.03 of the Saint Paul Administrative Code is hereby amended to read as follows:

Sec. 24.30 Rules.

(A) *Financial Interests:*

(1) *Prohibitions.*

(i) *Sale, lease or contract.* Except as otherwise permitted by law, no city official or employee shall knowingly be a party to or have a financial interest in any sale, lease or contract with the city.

(ii) *Interests of private employer.* A city official or city employee, as defined herein, who is authorized in his or her official capacity to take part in any manner in making or carrying out any governmental action, including but not limited to, making any sale, lease or contract, or deciding or recommending upon or issuing licenses, zoning variances, zoning permits or determinations, street vacations, or the acquisition or release of any interest in real property, shall not participate in any manner in any governmental action, if the governmental action would directly or indirectly affect the financial interest of his or her employer. "Employer," for the purpose of this section, excludes the City of Saint Paul, but includes a future employer if there is in existence, at any time while such governmental action was pending with or before the City of Saint Paul, an oral or written agreement for future employment of that official or employee with that employer. "Employment" as used in the preceding sentence includes any agreement under which work or services are to be performed for compensation. A city official shall abstain from voting on any such governmental action.

(iii) *No action on city matters for one year.* For one (1) year after ending employment as a city official or employee, no such official or employee shall represent a client other than the City of Saint Paul or another governmental entity, or perform work for any employer other than the City of Saint Paul or another governmental entity on any matter, project or assignment (a) in which the City of Saint Paul is substantially interested, and (b) on which such official or employee did any work within six (6) months before leaving city employment, unless the said city, after consultation and after public discussion by the council at a regularly scheduled meeting, consents by resolution, finding that such consent will neither injure the public interest nor impair the policy goals of the foregoing prohibition. The term "work," as used in the foregoing sentence, shall mean any decision, function, task, assignment or activity which in fact involved, or would reasonably be deemed to require, the use of judgment and discretion in balancing policy objectives, and as to which the said official or employee did in fact personally exercise such judgment or discretion in carrying out such decision, function, task assignment or activity. A "matter, project or assignment in which the City of Saint Paul is substantially interested" for the purpose of this section shall mean any matter, project, work, contract, assignment or development in which the city has expended or is obligated to expend fifty thousand dollars (\$50,000.00) or more in federal, state or local governmental public funds. This subsection (iii) shall apply to all city officials, as defined; provided, however, that this subsection (iii) shall apply only to those city employees who had, within the six (6) months before leaving city employment, the authority to make or recommend major decisions regarding the expenditure or investment of public money. The term "another governmental entity" as used in this subsection (iii) shall include the state, the University of Minnesota, and any office, department, board, commission, district, authority or agency of the state, and any county, statutory or home rule charter city, school district, special district, and any board, commission, district or authority created pursuant to law, local ordinance or charter provision.

(iv) *Disclosure of offers.* A city official or employee who has received an offer of employment, as defined in subsection (ii) above, if such city official or employee is working on or has responsibility for any matter, project or assignment in which the City of Saint Paul is substantially interested, as defined in subsection (iii) above, and if such offer of employment is made by anyone who has a direct or indirect financial interest in such matter, project or assignment, shall prepare a written statement disclosing the offer, its maker, and the terms and conditions of the offer. Such written statement shall be delivered to the employee's superior and, in the case of an official, to the City Clerk of the City of Saint Paul.

(v) *Penalties.* Any city official or employee who willfully and knowingly conceals such a

financial interest or willfully and knowingly violates the requirements of this section shall be guilty of malfeasance in office or position which shall serve as just cause for termination of an employee or which shall require resignation from office by an elected official. Violation of this section shall render the contract voidable by the city council or by a court of competent jurisdiction. Any monies paid as the result of such violation may be recovered by a joint and several action from the parties to the sale, lease or contract and the city official or employee interested in the same. If, by reason of an agreement for future employment and pursuant to the prohibitions in subsection (ii) above, a city official or employee is substantially unable to perform the duties of his or her position, such inability shall constitute grounds for immediate termination of employment. The terms "contract," and "sale, lease or contract," as used in this subsection (v) shall include, for the purposes of the prohibitions in subsection (iii) above, all agreements of whatever kind related to or arising out of any matter, project or assignment in which the City of Saint Paul is substantially interested and as to which a city official or employee has violated the prohibitions in subsection (iii) above.

(vi) *Limitation on indirect financial interest.* The terms "indirectly affect the financial interest of" as used in subsection (ii) above, and "indirect financial interest" as used in subsection (iv) above, shall not mean or include an interest which such employer, or offeror of employment, respectively, shares or has in common with all or a substantial number of others of the general public who share the same interest (whether or not the degree or relative impact of such interest varies by dollar amount from person to person) as a result of residing in or doing business in the City of Saint Paul.

(vii) *Inclusion in city contracts.* Notwithstanding any other provision of law or ordinance to the contrary, and to the extent permitted by law, from and after the effective date of this ordinance and this section 24.03(A), all contracts in or to which the City of Saint Paul is a party shall be presumed to contain and incorporate all the provisions and requirements of this ordinance and of this section 24.03(A), as though all of such provisions and requirements were fully set forth therein.
