Creating Chapter 190 of the Saint Paul Legislative Code entitled "Prohibition of Conversion Therapy Directed to Minors."

SECTION 1

WHEREAS, research, studies, and other available evidence show that conversion therapy or other practices that attempt to change a person's sexual orientation or gender identity pose a significant risk of serious emotional and physical harm to those who undergo them such as anxiety, depression, hopelessness, social withdrawal, illegal drug use, and suicidality; and

WHEREAS, the consensus among medical and mental health professional organizations is that attempts to change a person's sexual orientation or gender identity lack any scientific basis and are in fact ineffective; and

WHEREAS, organizations who have made such policy statements or similar ones include: the American Psychological Association, American Psychiatric Association, the American Academy of Pediatrics, American School Counselor Association, American Counseling Association, American Psychoanalytic Association, American Academy of Child and Adolescent Psychiatry, the American College of Physicians, American Medical Association, the Pan American Health Organization, a regional office of the World Health Organization, the American Association for Marriage and Family Therapy, the American Bar Association, American School Counselor Association, American School Health Association, the National Association of Social Workers, American Association of School Administrators, American Federation of Teachers, American Psychological Association, American School Health Association, Interfaith Alliance Foundation, National Association of

School Psychologists, National Association of Secondary School Principals, National Education Association, School Social Work Association of America; and

WHEREAS, the City has a compelling interest in protecting the physical and psychological well-being of LGBTQ minors by protecting them from conversion therapy in the city and limiting the risk of harms caused by exposure to conversion therapy; now, therefore be it

RESOLVED, that the Council finds that medical, mental health, and child welfare experts have denounced conversion therapy or reparative therapy as ineffective, unreliable and unsafe for the people, including LGBTQ minors, who undergo such treatment; and be it

FURTHER RESOLVED, that the Council finds that conversion therapies or reparative therapies are based on the discredited premise that being LGBTQ is a mental disorder that can be cured or corrected; and be it

FURTHER RESOLVED, that the Council finds that LGBTQ people must be free from ineffective and fraudulent conversion efforts that cause harm to mental health and wellbeing; and be it

FURTHER RESOLVED, that due to the serious and dangerous harms caused to minors subjected to conversion therapy or reparative therapy, the city council finds and declares that a compelling interest exists in protecting the health and psychological well-being of minors by protecting them, including LGBTQ minors, from conversion therapy in the city and by limiting the risk of serious harm to LGBTQ minors caused by the exposure to conversion therapy; and be it

FURTHER RESOLVED, that the Council wishes to exercise its police power to protect the public safety, health, and welfare of LGBTQ minors, and no other means of protecting minors from the harms associated with conversion therapy would be effective; and be it

FINALLY RESOLVED, that the Council of the City of Saint Paul does hereby ordain:

SECTION 2
