Returned Mail/Notice Concerns?:

Stated Reason for Appeal (if given): Property owner believes they did not receive acceptable customer service to them and their multifamily properties as Republic Services was not able to break down the back bill when the resident called in. The property owner believes these are reasonable requests from anyone being mandated charges by the City of St. Paul. They stated that if Republic and/or the City of St. Paul messed up on the billing or payment promises, they should not be charged for difference. Therefore they feel that they should not pay the full assessment.

Staff Comments: Hauler confirmed that the invoice consists of both the base cost for 4 94 gallon carts with late fees (\$491.98) as well as a back bill from Q4 2018 - Q2 2019 (\$403.91). Resident was short billed for Q4 2018 (\$154.85), Q1 2019 (\$139.88), and Q2 2019 (\$154.85). Staff recommends removing late fees on both the back bill (\$24.09) and the base cost (\$57.66) for a total of \$81.75. This would reduce the total assessment cost to \$763.24.

WHEREAS, the Office of Financial Services Real Estate Section has attached to this Council File both a report of completion outlining the costs and fees associated with Collection of Delinquent Garbage Bills for services during October to December 2019. (File No. CG2001A2, Assessment No. 200101) and the assessment roll including all properties for which these assessments are proposed for Council ratification; and

WHEREAS, the City Council's Legislative Hearing Officer has reviewed an appeal of this assessment and developed a recommendation for the City Council with respect to this assessment; and

WHEREAS, a public hearing having been conducted for the above improvement, and said assessment having been further considered by the Council and having been considered financially satisfactory; Now, Therefore, Be It

RESOLVED, that pursuant to Chapter 14 of the Saint Paul City Charter, said assessment is hereby ratified and reduced from \$845.89 to \$384.32.
