Comments: 9/8/23 - Pending BZA case: applicant was granted a building permit for code compliance/fire damage repairs for this existing duplex. However, the applicant exceeded the scope of that permit and constructed a front yard addition that does not comply with the required front yard and side yard setback. Two variances are requested: 1.) A front yard setback of 23' is required; 14.2' feet is proposed, for a variance of 8.8'. 2.) A side yard setback of 9' is required; 7.8' is proposed on the eastern side of the duplex, for a variance of 1.2'. Note taxes are current through 2022, but first half 2023 taxes have not been paid. Been in VB program since 4/30/21
