History of Orders on Property:

**Legislative Hearing Notes (if any)**

Gary Blaske appeared.

Inspector Yannarely reported that 686 Minnehaha Avenue West has been a Vacant Building since August 4, 2008. Mr. Blaske responded that he's been living there; he doesn't understand why it's called a Vacant Building. Mr. Yannarely continued to read notes from Matt Dornfeld, supervisor. "Early this morning (August 16, 2010), Inspector Kalis and I met with property owner, Gary Blaske, and there still is a lot of work to be done on this fire damaged house but we agreed to hold Mr. Blaske Vacant Building fees for 90 days while he works on renewing and finalizing any open/expired permits he pulled to repair the fire damage. Mr. Blaske has been assessed \$2,000 previously in Vacant Building fees thus far. This has been on-going for almost two (2) years now, due to financial problems and disability. This is an owner-occupied Category 1 Vacant Building file so I do not anticipate having to re-schedule a public hearing that had been postponed for at least 90 days. We will re-check in 30 days to verify progress."

Mr. Yannarely said that this file was closed on January 25, 2011; DSI wouldn't have any problems dismissing the VB fees.

Mr. Blaske asked if it was off the Vacant Building list. Mr. Yannarely said that it was.

Ms. Vang will recommend deleting the assessment.
